HEARING ON SUGAR IS BRIEF

Judge Ballou Thinks Moral Effect About Only Important Benefit--Attorney For Planters Files Brief--Committee Rushes Business

BY C. S. ALBERT.

[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., Jan. 18.—The hearing given by the House ways and means committee on the sugar schedule of the Payne-Aldrich tariff act passed with such a rush and hurry that apparently but little was accomplished. The information obtained is presumably to be used in framing a revision measure. The sugar schedule was combined with wines and liquors. But little opportunity was given for oral arguments. Everybody was invited to leave a brief.

Judge Sidney Ballou appeared before the ways and means committee for the Hawaiian sugar interests. He did not request any time for a verbal presentation of facts but took advantage of the permission allowed and filed a strong brief. He clearly set forth the necessity of continued protection for the sugar-producers of Hawaii. He made it perfectly plain that any material reduction in duties would destroy an industry that is essential to future prosperity in the islands.

Throughout the entire hearing Judge Ballou was in attendance, closely watching the interests of the Hawaiians. He came early and remained on the job until the day's work was completed.

In the opinion of Judge Ballou, the only important benefit to result from the hearings will be the moral effect that is likely to follow when the actual work of framing a sugar-revision measure is taken up. He thinks it possible that then the arguments advanced against radical modification will bear fruit and prevent anything like ruinous slashing.

In any event, the Judge feels sure the senate will never consent to a proposition approximating free sugar or any reduction in duties below the figures contained in the Bristow substitute adopted at the last session of Congress. He regards the sentiment prevailing in the senate as opposed to any lowering of sugar rates beyond a point where the product can be made at a reasonable profit.

The best-sugar producers and the cane-growers of Louisiana were also well represented at the hearings. Harbor Funds Look Safe.

An appropriation of \$225,000 is carried in the rivers and harbors bill, as reported to the house, for continued improvement of the harbor at Honolulu. It is believed this figure will not be changed when the measure comes up in the house for action.

SUGAR

SAN FRANCISCO, Jan. 27.—Sugar: 96 degrees test, 3.43 1/2 cents. Previous quotation, 3.45 cents. Beets: 88 analysis, 9s. 6 1/2 d. Parity 4.00 cents. Previous quotation, 9s. 6d.

F. W. Dohrmann, the noted San Francisco merchant and prominent in the civic movements of that city, delivered a strong address before the Commercial club at luncheon today his subject being the "Consolidation of Commercial Bodies."

Mrs. J. Borden Harriman, a New York society leader, whose husband's health and wealth went at the same time, is to open her magnificent Long Island estate as a "rest cure" in an effort to rehabilitate her fortunes.

A girl in New York city, while having a nightmare, called out the fire department and police and brought her father flying home from his office by telephone calls.

CITY EXPERT LIKES PLAN OF MANAGER

Ford H. MacGregor of Madison, Wis., Sends Letter to Committee Member

W. R. Farrington of the drafting committee of the charter revision committee has, through Prof. E. H. Farrington of the University of Wisconsin, got in touch with Ford H. MacGregor in charge of the Municipal Reference Bureau of the University of Wisconsin. Mr. MacGregor succeeded Prof. Farrington on the board of aldermen of the city of Madison has getting in touch with the practical side of municipal activities as well as the theoretical.

Madison voted recently to not accept the commission form of municipal government. This was somewhat of a surprise as Madison is supposed to be the center of almost everything that is progressive in government. Mr. MacGregor was one of the leaders in the fight for the adoption of the commission form of government and drafted the general enabling act of Wisconsin, copies of which have been furnished the drafting committee. It may be significant that Mr. MacGregor has drafted and the Wisconsin legislature is now considering an enabling act to allow municipal commissioners or supervisors to appoint a city manager.

In his letter Prof. MacGregor deals at some length with the plan for a city manager, which he writes is being adopted more and more frequently by municipalities.

Prof. MacGregor's letter written in response to a request from Mr. Farrington of the local drafting committee follows:

Madison, Wis., Jan. 4, 1913.

Professor E. H. Farrington, University.
Dear Prof. Farrington:—In reply to your inquiry the other evening would say, that there has been considerable literature of much merit, which has appeared recently on the subject of commission government. Probably the most valuable work on the subject is the most recent one; a book called

ENGINEERS MAY COME TO AID OF ISLAND SKIPPERS

Report Has It That They Have Appointed Committee to Confer with Captains but None of the Members of Their Order or of the Masters and Pilots' Harbor Will Talk — Captain Tullitt Denounces Company's System of Securing Crews for Vessels—Says Is Menace to Lives of Traveling Public

A persistent report, which could not be traced to its source, and refused to be verified was current on the streets this morning, to the effect that the engineers of the inter-island fleet are standing back of the skippers in the difficulty between the latter and the company. No one could be found who would verify the statement, but it was circumstantial, even to the names of the committee appointed by the engineers at their meeting last night, to confer with the special committee of the Harbor this afternoon. These names were J. Quinlan, J. Little and T. Malloy.

Asked regarding the report this morning Captain Tullitt, chairman of the captains' subcommittee, said that he could not say. He has not been in touch with the engineers and is in ignorance of their plans.

"We believe it would be to the advantage of the engineers to work with us if it came to a fight, but as matters stand at present we are not in a position to take any stand. I do not know what the engineers did at their meeting last night, although I know they held one. I am not even sure that they discussed the situation."

As in reply to the report the Marine Engineers' Beneficial Association this morning issued the following:

To Whom It May Concern:

The Marine Engineers' Beneficial Association, No. 100, of Honolulu, respectfully requests that the newspapers of this city, will in the future, abstain from making any references that are conjectural, as to the probable actions

Social And Settlement Workers Banquet Raymond Robins And Hear Expert Talk

Above are the pictures of the Men and Religion campaigners now here on their world-tour, whose route is shown on the accompanying map. Below is the National Association quartet, whose singing is a feature of the meetings.

Chicago Man Talks Straight from Shoulder During Dinner at Palama Settlement—Deals with the Social Evil in Strong Terms

Queen Liliuokalani this morning was visited by Fred B. Smith and the National Association quartet at her home, Washington Place. The aged queen had expressed a desire to see the leaders of the Men and Religion World Tour, and after the address at Kamehameha Schools, Mr. Smith and the quartet visited the queen and the quartet sang several selections.

Eighty of the prominent social and settlement workers of Honolulu attended a dinner at the Palama Settlement last evening which was given in honor of Raymond Robins, the social expert who is now in this city in connection with the Men and Religion Forward Movement. Mr. Robins has been engaged in settlement work in Chicago for the past twelve years, and the meeting last evening was called in order that the local workers might receive instructions for broadening the scope of work which is now being carried on in the Hawaiian Islands.

James A. Rath, headworker of the settlement, made a brief address in which he gave the purpose of the Men and Religion Forward Movement, and then introduced the speaker, Mr. Robins went straight to the point without mincing matters, explaining

MEN AND RELIGION PROGRAM

TODAY.

9 a. m.—Address at Kamehameha school, Mr. Smith.

10 a. m.—Meeting of the out-of-town delegates. Messrs. Smith, Robins and the quartet. Place to be announced later.

12:30 p. m.—Address at the Catton, Neill shops. Mr. Robins.

4:30 p. m.—Institutes.

6 p. m.—Dinner of the College Men's Club, Cooke hall, Y. M. C. A. Mr. Robins.

8 p. m.—Address at the opera house. Mr. Smith and the quartet. Address at the Japanese consulate. Mr. Robins.

TOMORROW.

9 a. m.—Address at the Kamehameha School. Mr. Robins.

12:15 p. m.—Final meeting with the executive committee of the local campaign. Pacific Club.

1 p. m.—Final conferences.

5 p. m.—The party leaves for the Orient on the Manchuria.

RIOTING IN LONDON NOW

Many Arrests by Tormented Police--Three Militant Leaders of the Women Sentenced to Fourteen Days in Jail--Window Smashing Common--Outbreak in Dublin When Women Smash Glass in Castle

[Associated Press]
LONDON, Jan. 28.—Following the action of the cabinet in dropping the franchise bill yesterday, a woman's war broke out here and in Dublin today that threatens to make all previous efforts of the suffragette leaders seem tame by comparison. The police, tormented by the militant women, have already arrested scores, most of whom have gone to jail without a protest, except possibly a verbal one. Several, however, have struck back at the "bobbies," and as a result have received more or less heavy sentences at the hands of the police magistrates.

The most prominent of this last class is Mrs. Despard, sister of Sir John French, the cavalry general who won fame for himself during the war in South Africa years ago. She is reported to have attacked the police officer who arrested her when he found her pitching stones at the stained glass windows of St. Stephens, and scratching his face so badly that a doctor had to attend him. She was sentenced to fourteen days in Bridewell.

Mrs. Drummond and her husband, the General, together with Miss Sylvia Pankhurst, daughter of the famous suffragette leader, were arrested and charged with resisting an officer in the execution of his duty. The trio were part of a number of suffragettes who were found by the police attempting to force their way into the presence of the Chancellor, Lloyd George, and persisted after being warned that they were violating the law.

From Dublin comes word of even worse riots than here. The streets of the Irish capital have been crowded with shouting, ranting women all day long and three of the leaders have been arrested and sentenced to serve one month in jail for throwing stones through the heavy windows of the vice-regal castle here.

In practically all the larger cities of the United Kingdom the suffragettes have been holding monster mass meetings in the streets and public places. The speakers have been insisting that "all means to gain our aims are justified, short only of murder."

A. A. U. IS FACING A STRANGE TANGLE

NEW YORK, Jan. 28.—Following the admission of Thorpe, the all-round champion, that he was guilty of professionalism, the officials of the A. A. U. find themselves facing a strange tangle. They must return all trophies won by Thorpe, to the authorities in Sweden and must revise all of the records of the association. Incidentally the tangle over Thorpe's status and the confusion he has made results in Martin Sheridan being declared the all-round champion, on the strength of his performances at the recent Olympic games.

Dispatches from Carlisle report Thorpe as having declared that he sinned through ignorance of the rules of amateur sport.

Herbert Repsold, the wealthy young San Franciscoan, who was jailed for eight years for burglary, escaped from San Quentin and has not yet been caught.

BOLOMEN DOWNED AFTER FIGHT BY CAVALRYMEN

[Associated Press Cable]
MANILA, Jan. 28.—Reports from Jolo received here today announce the repulse of a large column of bolomen after a desperate fight by the cavalry. The dispatches, though meagre, state that one of the soldiers was hacked to pieces by the bandits before they could be driven back. Sig of the troops were seriously wounded, most of whom will probably die. The troops are reported to be in pursuit of the bolomen, and are expected to come into touch with them again tonight or tomorrow.

HUMAN BOMB SENTENCED

[Associated Press Cable]
LOS ANGELES, Jan. 28.—Riedelbach, the "human bomb" who terrorized the local police headquarters by appearing with a suitcase filled with dynamite, and with sticks of the deadly stuff in his pockets, was sentenced today to twenty years in the state prison.

NATIONAL GUARD GETS HANDSOME SHOOTING TROPHY

The National Guard of Hawaii has been given an exceedingly handsome trophy for competition among members of the guard. The trophy, offered by the noted Dupont de Nemours Powder Company of Wilmington, Delaware, goes on display this afternoon in the windows of Wichman & Co. It stands nearly three feet high and is in the form of a shield of polished hardwood, silver and copper. It is called the "National Defense trophy."

Adjutant-General J. W. Jones has received also a copy of the conditions of competition and a letter from the
